Youth Equine Leaders Day

Many equine barns are no strangers to having children in and out of stalls, sliding the horse's extra treats, and begging for a pony every year. Youth are an important part to the equine industry as a whole and crucial to the future. The Pinto Horse Association recognizes this and holds events throughout the year to foster a strong youth presence and leadership.

On Tuesday, November 5th, the Pinto Horse Association hosted a pizza party at the 2024 Color Breed Congress. A group of youth and leaders were able to come together and discuss the importance of education and career fields in the equine industry. During the event, Meriuth Sellers, from the State of Oklahoma Department of Agriculture, was welcomed as the guest speaker. Annie DiGiovanni, the president of the Pinto Heritage Foundation welcomed everyone and highlighted the scholarships the Pinto Horse Association has available. Annette Pitcher, the president of PtHA, Jenna Henson, the Marketing Director for PtHA, and Darrell Bilke, the Chief Operating Officer for PtHA also spoke briefly.

One of the kids in attendance at Tuesday's youth event was twelve-year-old Izzy Bland. She has

been involved with horses since she was six years old. Bland participates in 4-H shows in horsemanship and judging with her five horses. Bland highlighted how being involved with horses is how she found many of her friends at the barn and at shows. Horses have also taught her skills such as hard work and dedication, Bland explained. She expressed the need to, "take things slow at first" and that, "it's not going to be easy at first but riding horses is really rewarding". Bland and the other youth members enjoyed plenty of pizza, giveaways, and even an art contest! Events like the Color Breed Congress pizza party welcome youth at the show, bring awareness to resources, and bring like-minded youth together and allow them to connect.

The PtHA youth board is an opportunity for youth to become more involved with the equine industry and community. Youth officer and director positions offer the opportunity to take on responsibility and gain leadership skills. Lanie Phelps is the PtHA Youth Board President and has been involved with horses since a very early age. Being involved with horses and the equine community has allowed her to grow up as a competitor and gain a strong work ethic, Phelps explained. She discussed how horses allow

youth to meet a wide range of new people and learn leadership skills. Phelps encourages other youth in the equine industry to, “never give up on something you are pushing towards in and outside of the arena.”

Guest speaker Meriruth Sellers spoke during the event about how she navigated the equine industry and ways to stay involved with horses. There is a wide variety of professions that contribute to the industry, directly and indirectly, Sellers said. Examples shared by the group included leather workers, nutritionists, veterinarian, farrier, photographer, show management, and several others. Sellers explained that these are professions that support the equine industry that many people may not think of right away. She encouraged them to look for ways to stay involved and to never stop learning. A way to foster this continued education is through scholarships and programs, Sellers explained.

The Pinto Heritage Foundation supports youth development through a youth-dedicated program and several scholarships. These youth scholarships are available to youth for any educational endeavor. If the youth is too young to use an awarded scholarship yet, the Heritage Foundation will hold that scholarship award

until they are ready to use it. The scholarships are also able to be used for several educational paths, including college, community college, technical school, and certification training. There are ten total scholarships offered by the Pinto Heritage Foundation.

Speaker Meriruth Sellers concluded her presentation at the youth event by encouraging young people to find mentors in the industry. Mentors can teach lifelong skills and open up opportunities. She described this as, “look for a mentor, and years from now, be those mentors”. She talked about how she, “loved the youth programs so much, and then became that leader”.

WILLIAM WOODS COMES TO WIN

William Woods University is a private 4-year institution located in Fulton, Missouri. They are highly known for their department of equestrian studies. They offer Equine Science, Equine Administration and Equine General Studies as majors. The equestrian program was established in 1972. In fact, William Woods was the very first university to offer a bachelor's degree in equestrian studies. Also, they are the only university in the United States to offer all four disciplines of riding, which are Western, Dressage, Hunter/Jumper, and Saddle Seat.

Liz Haben, the western instructor at WWU, has been teaching there for the past 12 years. When asked how many Color Breed Congress shows WWU has attended, she responded with, "I have been teaching at the university for 12 years and have attended every single year. But even before I was a teacher, the other instructors have been taking students to Pinto shows for as long as I know of." She also believes that the university was represented at the first pinto nationals show as well. Haben said that this is the biggest group that they have brought to the show this far and most of the horses are new to showing. "We have been having a very successful show with consistent placings," she stated.

Since they are a college program, one of the questions asked was about navigating show expenses. Liz replied with, "My students can raise funds for showing through the western club by working events on campus through horse shows we host at the university and through clinics." She mentioned that this was the first year that the students chose to hold fundraisers as well.

A few students were asked why they wanted to go to the university over other schools. Dylan Hassett, a junior at WWU and the Western Club President, answered with, "I chose William Woods, even though I toured a bunch of other colleges that had equestrian teams that competed at an intercollegiate level because it is different. I would have more

opportunities to show and compete in the industry. I also just really like the small town atmosphere." Hassett says she has shown at Color Breed Congress for the past 3 years, including this one, and plans to show her senior year as well.

Hannah White, also a junior, received first in her Amateur Ranch Reining Solid class at Color Breed Congress. She says that it was the first time ever that she won first at CBC. When asked about why she chose William Woods, she said, "I chose William Woods because I grew up showing in the industry and I always saw them at the shows, and I thought that would be really cool."

The last student that was interviewed was Taylor Thompson, a senior at the university. Taylor's answer to the same question was, "William Woods is the only place I applied to, and I have known that I was going to William Woods since I was 10 years old. I have been to a lot of clinics and horseback riding camps there." Taylor originally came to WWU for Saddle Seat but ended up falling in love with Western riding. This was her first time showing at the Color Breed Congress, she said.

If you would like to get in contact with someone about learning more about William Woods University and the equestrian program, you can reach out to Liz Haben on her socials or to their admissions office. All of Haben's information is on the university website and she stated that she will personally do a meet and greet and tour for any perspective student that is interested in the equestrian program.

He was rescued where he was in a small pen with two geldings. The three horses had no shelter, had to fight for food and lived in mud and manure. After rescue he was gelded and began riding in early 2024. He was sent to a trainer for rehab.

Now he is a perfect horse. He's affectionate, responds to voice commands, trailers, stands quietly, and is nice to my mares when turned out with them. Still needs some training and needs to go to a good home where he will be loved and treated great.

ON THE TRAIL

WHAT IS ON THE TRAIL?

A recreational Pinto Program designed to promote members and their Pinto, who ride, drive, or work in-hand for recreation or leisure purposes, by providing a special recognition program for their achievements.

Enrollment in the On the Trail program is from January 1 to the following December 31. Must be renewed annually.

HOW TO EARN REWARDS?

- Time may be recorded for any non-show or competitive related activity in which a member participates by riding, driving or working in-hand.
- This may include time spent while riding, driving or working in-hand in a group, but not limited to, participating in a parade, a drill team, therapeutic riding or lessons.
- It may also include longeing, practicing in-hand patterns, attending walks and other in-hand activities.
- Actual time spent riding or driving shall be kept in full and one-half hour increments (i.e. 2.50 hours)
- Double hours may be earned while riding or driving in national and state parks, grasslands or historic areas, a recognized by the U.S. or Canadian National Parks Service.

When you submit your forms to PtHA, your Time Log is kept on your OTT Account and you should keep copies of your Time Log. As you trail to each new level with your Pinto, you will be sent a certificate for reaching the next level and the prize that coincides with that milestone.

HOW TO GET STARTED?

Simply print out the On The Trail enrollment form and send it to the PtHA office with payment. Forms can be found at www.pinto.org/showingandevents/programs/onthetrail. For more information, call the PtHA office at 405-491-0111.
